Product Application Specialist  
Fluke Biomedical

Is an **AED** a life support device?

Is a defibrillator a life support device?

How many of you are following **the OEM procedure** when managing PMs?

How many of you are leveraging your  
CMMS system to evaluate data from  
your PMs/repairs?

How many of you are using **paper and pencil to capture data** doing your PMs?

How many of you are experiencing aging biomedes in your organization?

What suggestions do you have to  
encourage people to enter the  
biomed field?

# Q&A Time

## Thank You!
